

# WHY IS THE DOGS' FOOD OUTSIDE THE KENNELS?

**W**e want our animals to feel good about being here and about having lots of strangers approach their kennels. That's why we have adopted the Treat Buckets Program!

The first step is simple! Just toss or hand feed a piece of kibble to each dog you visit. As lots of new people hand-feed the dogs each day, the dogs learn to look forward to each person's approach. The result is calmer, happier dogs that love to have you stop by to say hello.

To learn more visit [centerforshelterdogs.org](http://centerforshelterdogs.org)!
